THE STRIKE RENEWED

Union Men Kept Out of Three Pennsylvania Mines.

OBJECT TO DEMANDS

The Operators Want Men to Apply Individually for Their Old Places and Sign Certain Papers. Commission at Work.

Hazleton, Pa., Oct. 30.—The strike at the seven collieries of Cox & Co., the four mines of Merkel & Co., and the Silverbrook operation of Wentz & Co., has been officially renewed through an order issued by District Secretary Gallagher of the United Mine Workers upon instructions from President Mitchell. The strikers of those mines were not permitted to return to work in a body, Cox insisting that their employees make personal applications for their former positions and Merkel & Co., requiring each man before going back to work to promise to abide by the decision of the arbitration commission. The mine workers alleged the object of these requirements discriminated against men who were prominent in the strike. A Pardee & Co.'s collieries where men had been asked not to interfere with non-union hands, not included in strike order.

COMMISSION AT WORK.

Inspecting the Mines and Homes of the Miners at Scranton.

Scranton, Pa., Oct. 30.—The real work of the arbitration commission, appointed by president Roosevelt to adjust the differences existing between the coal operators and employees, began today. Briefly stated the day's work consist of general inspection inside and outside of the workings of the mines and the homes and surroundings of workmen. All the region lying north of here to Forest City, a stretch of twenty-two miles, will be gone over. This took up the entire day. Next will be visited the mining region from here south to Wilkesbarre.

The commission is making this tour so the members may gain a better idea of mining in order to more intelligently understand the testimony that will be given by experts on both sides of the controversy. No testimony will be taken during inspection trips. The commission party consists of fourteen persons. The party includes four general mining superintendents and a number of newspaper correspondents.

TROOPS LEAVING.

End of the Week Will Leave but Few in the Mining Region.

Pottsville, Pa., Oct. 30.—It is expected that all troops in the coal region will be ordered home before the beginning of next week. The first battalion of the Second regiment, located at St. Clair, and the first battalion of the Third regiment, located at Minersville, have left for Philadelphia. General Schall said the two battalions of the Third regiment at Audenreid will be sent home at once.

All collieries in the Panther Creek valley have resumed operations. Park place colliery in Mahanoy region has also resumed operations after weeks of idleness.

One thousand men went on a strike because several union men were not reinstated. Leaders prevailed upon the men to return to work with the understanding that those who were discriminated against would be provided for by the union until they secure employment elsewhere.

General Resumption.

Wilkesbarre, Oct. 30.—There was a general resumption of coal mining today, but as is generally the case after a holiday, quite a number of miners did not report for work. All mines in operation are capable of turning out more coal now than last week and a large output looked for.

President Mitchell is busy at headquarters compiling statistics for presentation to the arbitration board when he is called upon.

Various companies of the Fourth and Eighth regiments are leaving the region for their homes.

In Favor of the Strikers.

Chicago, Oct. 30.—The arbitration board hearing the controversy between the rubber workers and Morgan & Wright made a decision granting the strikers all their demands. The firm will reinstate all the discharged men and union men and women, and old employees will be given preference and be the last to be laid off in case it is necessary to cut down the working force. Seven hundred employees are affected.

Brooded Over a Shooting.

Chicago, Oct. 30.—After brooding for fifteen years over the accidental shooting of his friend, Henry Sweet, a farmer living in Blooms township, near East Glenwood, killed himself with the same shotgun that ended his friend's life.

WOULD NOT BE GRANT.

The Judge Refused to Instruct the Jury to Acquit Molineux.

New York, Oct. 30.—Counsel for the defense in the Molineux trial moved that the court direct the jury to acquit defendant on ground that the evidence was insufficient. Justice Lambert denied the motion. Governor Black in moving Molineux's acquittal said the evidence given was not sufficient to warrant conviction; that there was no evidence that the defendant had ever had in his possession cyanide mercury, or the bottle holder in which poison was sent; that he did not mail the poison package and there was no proof whatever connecting the defendant with the crime charged. At the close of Governor Black's argument Justice Lambert said: "I will deny the motion for the present and will hear all the evidence."

Mr. Black then asked the court to permit him to make his opening address to the jury tomorrow and Justice Lambert acquiesced declaring court adjourned.

After adjournment Mr. Black said there was strong likelihood that Molineux would take the stand in his own behalf.

RESTIVE UNDER DELAY.

Colombian Minister Worried Because of Delay in Canal Treaty Instructions.

Washington, Oct. 30.—It has developed that Senor Concha, the Colombian minister, is growing restive under the delays of his government in giving him further instructions in answer to his dispatch regarding the conditions which have arisen since the forwarding of a letter directing him to proceed with the negotiations for a treaty with the United States affecting the right of way for the Panama canal. He has sent several requests for this information without avail.

Legation officials, however, are of the belief that the dispatch of Secretary Hay to Minister Hart, sent Tuesday, will have the effect of accelerating matters and that an early adjustment of pending questions which are delaying final action on the treaty may be looked for.

Burglars Rob Race Men.

New York, Oct. 30.—Burglars succeeded in entering the apartment in a hotel of this city, occupied by J. Lewman and his brother of Louisville, and Judge Van Epps, who was for many years trial judge in the supreme court in Atlanta, Ga. A valuable split-second watch belonging to the Lewmans who own a string of race horses, and money, said to amount to several thousand dollars, were secured. It is supposed the burglars chloroformed the Lewmans.

Will Establish Training Schools.

Chicago, Oct. 30.—General Ballington Booth and the territorial commanders of the Volunteers of America, attending the council here, have under consideration plans for the establishing of training schools at San Francisco, Chicago and New York. The schools will be for the training of young men and women in evangelistic work. Funds have been raised, and within the next year the schools will be fairly under way.

Suicides for Harmony Sake.

Norfolk, Va., Oct. 30.—John A. Morgan, a leader of the "straight-out" Democratic party in Norfolk county, which faction has been fighting the organization of fusionists for several years, blew his brains out at his residence here. On a table was a note which stated that it had been said that his death would smooth the waters of the county politics, and if such was the case, it should be shown now.

Charged With Robbery.

Chicago, Oct. 30.—Lamble, alias Phil Bailey, was arrested here on suspicion of having stolen unset diamonds to the value of \$8000 from the firm of Weichter & Weiman, in the Masonic Temple, last Saturday. Members of the diamond firm recognized a photograph of Lamble as the man who was seen on the sixth floor of the building the afternoon of the robbery.

Suit for Damages.

Paris, Tex., Oct. 30.—Mrs. Lizzie Parker brought suit for \$20,000 against the Paris Light and Power company, and the Citizens Telephone company for the death of her husband. The wires were crossed on one street and Parker was standing by a phone on the other street when he was instantly killed a few weeks ago.

Fell Through a Trestle.

Fort Worth, Tex., Oct. 30.—Melvin Ford of Grand Prairie lost his life in this city Wednesday. The unfortunate man, with two friends, attempted to walk across the Missouri, Kansas and Texas crossing at Seventh street, falling through the trestle to the Rock Island track below.

Land Titles Still Questioned.

Austin, Oct. 30.—In the mandamus cases in the supreme court of R. L. Caruthers and W. B. Tolleson versus Charles Rogan, land commissioner and others, the court sustained the general demurrer of respondent Charles Rogan et al., and dismissed the causes. The court in both cases evaded the vital points at issue, consequently the land titles in the Panhandle are still in question.

Don't forget to put in one for the poll tax amendment.

Bryan needs an artesian well, a cannery, a sugar mill and a cotton mill in the order named.

Conflicting elements of nature are playing a part in the New York campaign. The democrats are depending on snow and coal to help elect Coler.

The republicans are making out like they have a chance to win in the Uvalde congressional district, but the chance is mighty slim for them to break the solid Texas delegation.

Brazos county farmers should remember it is going to take thousands upon thousands of hogs to keep those Ft. Worth packeries going, and make their arrangements to help supply the demand.

The farmers of this country are anxious to raise cane, and they will do it if given some assurance of a market. What should be done, however, is to continue the experiments on a small scale until enough good cane producing territory is proved to make the investment in a sugar mill safe and practical.

A short time since the best element of the colored population of Hempstead formed themselves into a law and order league. Their work so far has been directed toward the pistol toter and those living together unlawfully. As a result, fifteen marriage licenses have been issued within the last ten days, and the nuptial knot tied hard and fast in a legal manner. They say they are determined that their people shall obey the laws of the country or suffer the penalty. If the colored people throughout the state would adopt the plan of their Hempstead brethren and not only ostracise, but assist in prosecuting the lawless element of their race, they would be rendering the race and the country the best service in their power.

Mrs. McKane Dead.

New York, Oct. 30.—Mrs. Fannie McKane, widow of the former political leader in the old town of Gravesend, John Y. McKane, is dead at her home on Long Island. She leaves an estate valued at \$300,000, a large part of it consisting of property in Coney Island. Nightly, during the time her husband was in prison on account of election frauds, she kept a lamp burning brightly near a window in the parlor of her home in the hope that he would be liberated on a pardon.

Say Marks Are Indian Huts.

Victoria, B. C., Oct. 30.—Archibald Cameron, a road superintendent, who has arrived here from Porcupine, says the line boundary monuments alleged to have been discovered and as stated to be the demarcation of the Alaskan boundary are ruins of stone huts built by Indians in the interior, where they met those of the coast on neutral grounds about sixty-eight miles from tide water and about ten miles beyond the timber line.

Charged With Postoffice Robbery.

Helena, Mont., Oct. 30.—Postoffice Inspector Peaty at Kalspel arrested Louis Peterson and James Bourke, who are supposed to be leaders of the gang robbers operating in Montana and North Dakota. The men offered to sell stamps at a discount, and when arrested had over 3000 in their possession.

Cherokee Treaty Signer Dead.

Vinita, I. T., Oct. 30.—Samuel Houston Bengie, the last surviving signer of the treaty of 1866 between the United States and the Cherokee Nation, is dead at his home in Fort Gibson, aged 70 years. He was a native of Georgia, was a captain in an Indian regiment in the Civil war, and had held many offices in the Cherokee Nation.

BOTHA EXPLAINS.

Tells Why the Boer Leaders Are Raising Money for Boers in South Africa.

New York, Oct. 30.—General Botha of the Boer committee now in Europe trying to raise funds for the redemption of the ruined farming districts in South Africa, has cabled to the World at length on the results of their general mission up to date. The article says in part: "Our words have been misconstrued, our actions assigned the wrong motives and our very aims misstated and condemned. British people have no reason to doubt our sincerity. We called on our people to come in and lay down their arms. How many million pounds sterling were saved to the British nation by that surrender it is needless now to reckon up. Having accepted the terms that Lord Kitchener was authorized to offer us, we never sought to have them modified. What we sought for was not a modification of the terms of the 'peace treaty, but immediate help which our people are in sore need of."

"Having come to plead the cause which speaks eloquently enough for itself, we are sorely disappointed by the result. At least we have every reason to consider we have failed on our errand. It is assumed we did not take kindly to a loan. That supposition is gratuitous. As to the shape in which material help should be given, we neither had a right nor the will to say, but having seen no prospect of receiving such help, we appealed our urgent need to all nations of the world. That course has been sharply criticized."

"So far as we can see, all our appeal to foreigners implied was that our people were in sore need of instant relief, and we were willing to undergo humiliation in pleading for it. Memories of help withheld, despite the pressing need and urgent appeal for justice or generosity, is certain to live long, die hard and inflict damage out of all proportion to their seeming importance."

SWAYNE IS SAFE.

Has Reached Berbera and His Wound Is Healing Fast.

Aden, Arabia, Oct. 30.—Colonel Swayne, the British commissioner in Somaliland, has reached Berbera in safety. His wounds are doing well. No further movement of British troops against Mad Mullah will be made until a large force is collected, which will take about two months. There is no doubt the Somaliland levies showed the white feather in the recent fighting with Mullah's followers. Colonel Cobbe is in command at Bobote, Somaliland. The garrison there has not been threatened.

Bishop Garrett's Birthday.

Dallas, Oct. 30.—Bishop Garrett will complete his seventieth year next Tuesday. KRUGER ON THE BOERS
What the Transvaal President Says of the Late War.

JEALOUSY EXISTED
He Says Cecil Rhodes Was the Cause of South Africa, Says Chamberlain Was His Accomplish and Score Lord Milner.

London, Oct. 30.—It is expected that a second installment of extracts of the "Kruger Memoirs" will soon be published.

A striking feature of the memoirs, it is understood, is a revelation of the jealousies which existed before the war between inhabitants of the Transvaal and the Orange Free State and the Cape Colony Boers. Mr. Kruger takes pains to prove that he did his utmost to smooth matters over and prevent the war, but the Boers' in-born antipathy to foreign interference proved to be too strong for him.

Mr. Kruger closes his memoirs with these words:

"I am convinced that God will not forsake his people, even though it often appears so, and I acquiesce in the will of the Lord, knowing he will not allow an afflicted people to perish. The Lord hath all hearts in his hand and he turneth whithersoever he will."

This aspiration is a clue to the contents of the whole book, which is less a source of historical information, throwing new or striking light upon the events dealt with than a "human document" of psychological value, revealing the personal traits of the ex-president. The memoirs are but a sketchy summary of past events with Mr. Kruger's personal comments thereon.

Mr. Kruger describes the "Jesuitical Cecil Rhodes as the cause of South Africa." He says: "No matter how base or contemptible, be it lying, bribery or treachery, all and every means were welcome to him."

Lord Milner, he describes as "a typical judge, autocratic beyond endurance."

Mr. Kruger declares that Colonial Secretary Chamberlain was undoubtedly Rhodes' accomplice in the Jameson raid, and that Mr. Chamberlain appointed Lord Milner British high commissioner of South Africa with the direct intention of driving matters to extremes.

"This tool of Mr. Chamberlain," says Mr. Kruger, "carried out his mission faithfully and turned South Africa into a wilderness."

Girl Killed in Arkansas.
Little Rock, Oct. 30.—Miss Flora Schillute, 14 years old, was killed by an unknown person five miles northwest of this city Wednesday. She spent the forenoon visiting her uncle's family near her father's home. She started home about 11 o'clock, and her body was discovered at 1 Wednesday afternoon. She had been knocked in the head and the skull crushed. Her body had been dragged several yards into the underbrush in an old field. Great excitement was caused by the discovery, and the country is being scoured for the guilty person. One suspect has been arrested. The dead girl was a member of a respected family and was highly esteemed.

Remorse Causes Surrender.
New York, Oct. 30.—A young man who described himself as William Johnson, of Philadelphia, entered the Green Point police station and said he desired to surrender himself as the murderer of Albert C. Latimer, who was shot, apparently by a burglar, in his home in Hancock street, Brooklyn, on the night of July 22, last. The man said that he surrendered because he was stricken with remorse and was weary of wandering about the country. He will be arraigned tomorrow morning.

Workmen Assault Soldiers.
Pittsburg, Oct. 30.—A scene marked the return of the soldiers of the Fifteenth regiment from the anthracite region Wednesday. While passing down Fifth avenue they were assailed with chunks of concrete, blocks of wood as large as bricks, and even tools, thrown from the twenty-first floor of the new Farmers' Deposit bank building, a distance of 275 feet, by workmen.

Gold Standard for Mexico.
New York, Oct. 30.—Reports are in circulation in financial circles here that plans are being discussed for the establishment of the Mexican currency on a gold basis. Some of the large banking houses are said to have been sounded, with a view to procuring enough gold to rehabilitate the system. Those said to be interested in the matter refuse to discuss it.

Attempt to Lynch Cross.
Wynne, Ark., Oct. 30.—Later Cross confessed the triple murder and outrage and he was placed in jail. Wednesday night at 11 o'clock a mob composed exclusively of negroes formed with the avowed purpose of taking the prisoner from the officers by force and hanging him, but the sheriff spirited Cross into the woods, where they are now hiding.

Gould's Valet Lost.
New York, Oct. 30.—A verdict for the defendant, Howard Gould, was given by the jury in the second trial of a damage suit brought by Frank D. Mowbray, who was at one time Mr. Gould's valet. Mowbray claimed he lost the sight of one eye while in Mr. Gould's employ, and Mr. Gould agreed to give him a position for life.

THE DOUKHOBORS.
They Were Induced to Leave Russia and Settle in Manitoba.
Philadelphia, Oct. 30.—The Doukhobors, who are said to be creating disturbances in Manitoba, were induced to leave Russia and settle in Canada by Joseph S. Elkinton, a Quaker of this city, who was aided by several influential members of the Society of Friends. He spent three months among the Doukhobors, and was the personal representative of men who made possible the emigration of the Russian sect.

Mr. Elkinton says he has agents in each of the fifty-eight Doukhobor villages in Canada, but has not yet received information from them of marching and alleged rioting.

"That 2000 of them are on the march, propagating strange doctrines," said Mr. Elkinton, "I cannot believe. I am sure that the whole matter has been exaggerated."

Mr. Elkinton said he had visited fifty-four of the fifty-eight villages. Crime, he asserted, is practically unknown among the people.

Condition Not So Bad.
Winnipeg, Oct. 30.—Another contingent of Doukhobors have reached Yorkton. The women and children were taken in charge by the government officials and fed. The men continued on their march looking for new converts to their religion.

FORCED TO SURRENDER.
Uribe-Uribe Was Surrounded and Compelled to Give Up.
Colon, Colombia, Oct. 30.—Further news has reached here of the engagement Oct. 24 at Rio Frio, near La Cienega, which resulted in the surrender of the revolutionary generals, Uribe-Uribe and Castillo. The government general, Marjarrés, reached Rio Frio with reinforcements of 2000 men. These troops were destined for the isthmus, and their arrival at Rio Frio was unexpected. The government forces already before the rebel positions, in conjunction with the men of Marjarrés' command, managed to surround the enemy completely, and after a well-contested engagement, to force them to surrender. Four hundred revolutionists are reported to have been killed. The dead were left unburied.

According to the terms of the capitulation, General Uribe-Uribe undertakes to bring about the surrender of all revolutionary bands now in the departments of Magdalena and Bolívar. He goes to Bogota to confer with the Colombian government to this end.

JUDGE PEDEN RELEASED.
Been in Jail Over a Year for Contempt of Court.
Kansas City, Oct. 30.—Samuel C. Peden, former judge of the county court of St. Clair county, Missouri, who has been in jail at Maryville since May, 1901, for contempt of court in refusing to order a tax levy to pay bonds, pledged in 1897 for the Tebo and Neosho railway, was Wednesday ordered released by Judge John F. Phillips of the United States district court.

After he had tired of jail, Judge Peden several months ago sent his resignation to Governor Dockery and a successor was appointed. Judge Phillips declined to talk of the matter, and it is supposed Judge Peden's release was a result of his resignation. Judge Thomas Nevitt, presiding judge of the St. Clair county court, is still in jail, where many of his predecessors, all having refused to respect the United States court's commands to order a tax levy for the payment of the bonds, had previously spent their terms of office.

COMING TO THE SOUTH.
President Will Visit Tennessee, Mississippi and Alabama.
Washington, Oct. 30.—President Roosevelt will make a trip through a part of the south next month if official business should not make his presence in Washington necessary at that time. The trip will be made about the middle of the month, the primary object of it being to enable the president to attend the reception to be tendered by the citizens of Memphis to General Luke Wright, vice governor of the Philippines. Subsequently, it is expected the president will accept an invitation to participate in a bear hunt in the canebrakes of Mississippi. He may embrace the opportunity while in the south to visit the Tuskegee institute at Tuskegee, Ala., of which Booker T. Washington is president.

Boy Accidentally Killed.
Beaumont, Tex., Oct. 30.—Horace Lassiter, the 16-year-old, was accidentally shot and instantly killed by a playmate here. Edwin Kniaziewicz is the name of the boy that did the shooting. The two boys were exhibiting their revolvers and twirling them on their fingers, when the pistol of the latter went off and the ball entered the body of young Lassiter just below the left nipple and entered the heart.

Thief Steals a Watch Dog.
Bryan, Tex., Oct. 30.—A gentleman of this city who has been missing the wood from his back yard, hit upon the novel plan of tying his dog upon the woodpiles in the hope of frightening away the depredators. But he is now a sadder and wiser man. Imagine his consternation upon going out next morning to find that the versatile thief had stolen both the dog and the wood.

Wheat Dying from Drouth.
Denton, Tex., Oct. 30.—A dispatch from Sanger says some of the wheat in that vicinity is dying from the lack of rain. Some farmers there also report the finding of a few green bugs, which some ascribe as the cause of the plants dying. Reports from other parts of the country are that the wheat is looking fine.

THANKSGIVING DAY.
President Sets Apart Nov. 27 as the Day to Be Observed.
Washington, Oct. 30.—The proclamation by the president naming Thursday, Nov. 27, as Thanksgiving day, reads as follows:

"According to the yearly custom of our people it falls upon the president at this season to appoint a day of festival and thanksgiving to God."

"Over a century and a quarter has passed since this country took its place among the nations of the earth and during that time we have had on the whole more to be thankful for than has fallen to the lot of any of her people. Generation after generation has grown to manhood and passed away. Each has had to bear its burdens, each to face its special crises and each has known years of grim toil, when the country was menaced by malice, domestic or foreign levy, when the hand of the Lord was heavy upon it in drouth or flood or pestilence, when it bodily distress and anguish of soul it paid the penalty of folly and a forward heart. Nevertheless, decade by decade, we have struggled onward and upward; we now abundantly enjoy material well-being and under the favor of the most high we are striving earnestly to achieve moral and spiritual uplifting. The year that has just closed has been one of peace and of overflowing plenty. Rarely has any people enjoyed greater prosperity than we are now enjoying. For this we render heartfelt and solemn thanks to the giver of good and we seek to praise him, not by words only, but by deeds, by the way in which we do our duty to ourselves and our fellowmen."

"Now, therefore I, Theodore Roosevelt, president of the United States, do designate as a day of general thanksgiving Thursday, the twenty-seventh of the coming November, and do recommend that throughout the land the people cease from their ordinary occupations and in their several homes and places of worship render thanks unto Almighty God for the manifold blessings of the past year. In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed."

"Done at the city of Washington, this 29th day of October in the year of our Lord one thousand nine hundred and two and of the independence of the United States the one hundred and twenty-seventh."

APPEAL OF CHINA.
Will Attempt to Get Indemnity Placed on a Silver Basis.
Washington, Oct. 30.—Minister Wu is hopeful that China will be the power to submit the second case for the arbitration of The Hague tribunal. He is working hard to induce the powers, parties to the treaty of Peking, to consent to arbitrate the important question as to whether the indemnities to be paid them shall be paid on a gold or a silver basis.

Bridegroom Killed.
McKinney, Tex., Oct. 30.—Jake N. Combs was instantly killed Wednesday near Wylie. Combs was married to Miss Hester Housewright here Tuesday and they returned to the home of the bride's mother near Wylie. Wednesday morning three shots were fired in the rear of Mrs. Housewright's home, and when the ladies of the house reached the scene they found Combs lying on the ground dead. W. R. Wright, a brother of Mrs. Combs, surrendered to Marshal Hovey of Whitewright Wednesday morning and was brought to McKinney. He says Combs attacked him with a knife.

Admiral Schley Leaves Texas.
Galveston, Oct. 30.—Admiral and Mrs. Schley sailed Wednesday on the Concho for New York, after enjoying a three days' sojourn in Galveston. About 200 people were at the dock to wish them a safe journey and an informal reception was held in the main saloon of the steamer. The state rooms of the distinguished visitors were banked with flowers by the ladies of Galveston.

Serious Wreck in Ohio.
Cincinnati, Oct. 30.—Cincinnati, Hamilton and Indianapolis passenger train No. 36, which left Hamilton at 9:57 o'clock Wednesday night ran into a local freight train two miles east of Oxford. Engineer Conn and two unknown men were instantly killed. Mail Clerk John Connor of Hamilton was badly hurt. The passengers were badly shaken up but it is not believed any of them were seriously injured.

Miss Teller a Free Woman.
Valparaiso, Ind., Oct. 30.—Miss Stella Josephine Teller, cousin of United States Senator H. M. Teller of Colorado, who for three months was held as an inmate of a lunatic asylum, is made a free woman by the terms of a decision rendered in the circuit court here. Judge Gillett decided that the asylum authorities had no right to kidnap their former patient, whose sanity is unquestioned in this city.

Change of Venue Denied.
St. Louis, Mo., Oct. 30.—Judge Ryan denied the application for a change of venue of former Delegate Edmund Bersch, charged with perjury in connection with the suburban bribery cases. A jury was then selected and the taking of testimony commenced.
